Please find our rail labour update for 08-13-2024

The CIRB returned its findings stating the Rail Carriers are deemed “non-essential”, clearing the way for a potential labour disruption that could begin as early as Aug. 22.

Our plan:

- ONLY rail service across Canada will be impacted; there will be no impact to our road services
- Kindersley Transport will protect service for all our existing road / expedited shippers
- We urge our customers to pre-ship as much as possible ahead of Aug 15 – Aug 18
- We will continue to operate as normal in the event of a labour disruption
- We will tender shipments to the rail upon service resumption
- Kindersley Transport use both CN and CPKC, allowing us the flexibility to choose the most effective option

NOTE: The rail lines and unions continue to work together to avert a work stoppage and the government may still step in ahead of the Aug 22 date.

We will continue to keep you updated on any developments.
